

CSC TCI Bridge Services

Extra hands to help customers use CSC TCI software when short-staffed

Are you crunched for time preparing property tax returns? Are business license renewal deadlines quickly approaching? Maybe you have a large number of bills due in a short period of time, or an unexpected leave of absence has left you a team member short.

If situations like these or others put you in a bind, our CSC TCI product experts are available to fill in on a short-term basis to address your company's immediate needs.

Bridge isn't a turnkey service. We work with your team to supplement their efforts in a variety of predetermined tasks, saving you time (and often money). You are responsible for providing guidance on your areas of need and timeframes, as well as review and final approval of the work prepared by our team of software experts. We'll handle all the work in between.

Time Crunches

- Upcoming renewals
- Filing deadlines
- Importing

Leaves of Absence

- Unexpected illness
- Family leave
- Team member turnover

Mergers & Acquisitions

- New jurisdiction deadlines
- Changes to source data
- New data to import

In-depth Reporting

- Changes to AP/AP exports
- Insight for PTMS setup
- Impacted filing deadlines

We're ready to talk!

CSC TCI[®] has been the premier property tax and business license compliance software developer for corporations since 1993.
